As a conglomerate headquartered in Hong Kong, FSE Lifestyle always endeavours to nurture community spirit by encouraging its member companies to engage in charitable activities of all kinds and to foster close relationships with the community.

Even during the COVID-19 pandemic, the Group spares no effort to help the society. We sponsored the caring campaign “Share For Goods” initiated by New World Development Company Limited to deliver anti-epidemic items to the participated NGOs.

In caring for employees, we protected our employees by ensuring a healthy and safe working environment. Our Head Office has been conducting comprehensive cleaning and preventive disinfection to reduce the risk of virus transmission. The Group also distributed rapid antigen test kits and surgical masks to all employees, as well as provided robust support for work from home options. In addition, the Group provided anti-pandemic gift packs to our COVID-19 infected colleagues who are under quarantine.

Mr. Patrick Lam, Vice-Chairman and Executive Director of FSE Lifestyle, said, “We are honoured and privileged to garner a string of the Caring Company Logos from the HKCSS. Corporate social responsibility (CSR) is paramount to FSE Lifestyle’s corporate culture and we always believe that our future corporate development is best served by supporting and caring for the interests of all

our stakeholders. We are always at the service of our clients to help the community. Receiving these honours strengthens our drive towards sustainability to the next level."

"To promote good corporate citizenship, the Group participated a number of CSR activities in the community, such as our annual charity activity 'Caring Day'. We visited the elderly and delivered gift packs to show our care and concerns for people in need at all levels in Hong Kong," Mr. Lam continued.
